

FOR IMMEDIATE RELEASE

Sunset Vision Presents 'Uniquely Brunswick' 3-Day Art Show and Sale

Sunset Vision invites the public to its second annual art show and sale which opens Thursday, June 21, 2018 from 4:00 p.m. to 6:00 p.m., with a fundraising reception on Friday, June 22, 2018 from 6:00 p.m. to 8:00 pm. The show runs through Saturday, June 23, 2018 from 10:00 a.m. to 1:00 p.m. at Triple D's Hemi Haven Chrysler and DeSoto Classic Car Private Showroom at 7011 Beach Drive, Ocean Isle Beach, NC. Proceeds from the show benefit Sunset Vision's efforts to raise funds for community amenities that promote nature, education, and enjoyment. Tickets for Friday's fundraising reception are \$25.

Building on last year's successful event, in which the organization raised the funds needed to purchase a commercial-grade wildlife binocular now installed on the Bird Walk on Shoreline Dr. West, Sunset Vision will focus its efforts on two upcoming projects: a stainless steel pet fountain in Sunset Beach Town Park and an environmental art sculpture designed by artist and designer Jim Swaim of Little River, SC, in the form of a sea turtle. The sculpture is meant to be filled with debris to bring awareness to the negative impact that trash has on our local wildlife.

The 100 pieces of art in this year's show highlight the diverse and distinct points of interest, geography, beauty, and inhabitants of our county. The location of the art show, Triple D's Hemi Haven Showroom, is an artwork in and of itself, and provides a backdrop of beautifully maintained and restored vintage Chryslers and DeSotos, all part of the private collection of Doug and Christine Dressler. Monetary prizes will be awarded for first, second, and third place, as well as for People's Choice.

"Now in our second year, we are so pleased to see the participation and diversity of the artists as well as the patronage from residents and visitors," says Gordon Bokelman, executive director of Sunset Vision. "We are thrilled to be able to give artists another venue to show their work, and give the public a chance to support and promote the arts in our community."
